THE ROTTEN CUBANS.

The Shady Doings of the Fiery Southerners.

MURDERS AND ROBBERIES.

Adulterated Lard—Nominations—A Coming Encyclopedia—Nothing In It—General Notes.

The Rotten Cuban Government.

New York, January 25.—A Key West special says: During the last ten days Havana has been in a perfect turmoil, and on the verge of mob violence. The trouble was caused by unscrupulous officials. Although Marin has been in office but three months, his administration is reeking with crimes of every description. The government tax is short \$50,000. The local board of sidewalkmen have gobbled \$40,000. Cardenas' tax office is short \$10,000, and every other trust is honeycombed with fraud. Two weeks ago indignant citizens made vain appeals to Marin for protection. A mass meeting was held, but Marin ordered armed guards about the gathering and prevented the speakers from addressing the people. *El Progreso*, a mercantile newspaper, denounced Marin's act, and yesterday the paper was suspended by order of the despot. When Marin learned that several merchants were sending cablesgrams of protest to the home government, he placed an armed guard about the cable office. On Sunday, there were twelve murders, one suicide, eight highway robberies and four stabbing affrays in Havana and Cardenas. A special from Havana last night, said that the situation is becoming more alarming every moment.

A Big Scheme.

Pittsburg, January 25.—A meeting of prominent colored citizens was held here last night to take action in regard to the national convention to be held in Washington to urge a national emancipation holiday. An address was delivered, which will be sent to all parts of the country, urging colored people to unite in the movement. The convention can be held on the next 4th of July. It is proposed that one delegate be sent for every thousand voters in each State and Territory. The address concludes by expressing the hope that all will see the necessity for this convention for the benefit of the colored race, coming as it does upon the eve of one of the most important elections in the political history of America.

Adulterated Lard.

Washington, January 25.—The agricultural committee of the Senate gave a hearing to representatives of pork packing houses to-day regarding the bill to outlaw adulterated lard. Representatives of the compound makers admitted that the bulk of the lard which they put upon the market contained but 60 to 70 per cent. lard, and that the remainder is composed of tallow, stearine, cotton-seed oil, etc., but claim that it is equally pure and healthful and in no way deleterious. Representatives of Cincinnati and Louisville packers testified that mixed lard of Chicago manufacturers was driving pure lard out of the market, and that the mixed lard is sold at less than the actual cost of pure lard.

Nominations.

WASHINGTON, January 25.—The President, to-day, sent the following nominations to the Senate: Receivers of public money—Robert Kenney, at Shasta, California; J. F. Lithicum, Sacramento, California; Lewis C. Granger, Marysville, California; John J. Orr, of Kentucky, at Buffalo, Wyoming Territory. To be Registers of land offices—Jared A. Van Anken, Central City, Colo.; E. O. Miller, Visalia, Calif.; J. H. Craddock, Marysville, Calif.; W. H. Patton, Los Angeles, Calif.; Edwin Eels, Agent for Indians of Niquallie and Skokomish agency in Washington Territory; James P. Roosevelt, of New York, to be Secretary of Legation of the United States at Vienna.

A Coming Encyclopedia.

VIENNA, January 25.—The Rome correspondent of Political Correspondence says that the encyclopedia on the social condition of the working classes, on which the Pope has been engaged for a year past, will advocate the principal of state intervention in favor of reforms, and will exhort Catholics to support their government in an effort to bring about social reforms and to ameliorate the condition of the working classes.

Nothing in It.

PARIS, January 25.—The Prefect of Nancy has made a report on the Barberet-Hennemann frontier affair, in which he says that the French frontier was not violated by Hennemann, when he took Barberet's gun away. Barberet has not made a formal complaint to government against Hennemann, and therefore the incident cannot be made the subject of diplomatic representations.

The Worst.

HALIFAX N. S., January 25.—Yesterday's snow storm was the worst known here for years. Railway travel is again demoralized. The harbors of North Sydney, Digby, Yarmouth and Annapolis are frozen over, the first time in years.

At Aid of the Prisoners.

St. Petersburg, January 25.—The Czar has refused to permit the Orleans princes to join the imperial guard.

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with Headache, you are fatigued, nervous and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whiskey, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alternative which will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters. Only 50 cents a bottle. Z. C. M. I. Co., Drug Store.

The Norquay Defalcation.

CHICAGO, January 25.—A Winnipeg, Manitoba, dispatch says: The defalcation of the Norquay government will prove much beyond what was first even hinted at. Already Premier Greenway has discovered a deficit of over \$500,000. Investigation revealed that for sixteen months ending January, 1887, not a single entry had been made in the cash book of the province treasury. On January 1st, the cash deficit and issue of provincial bonds amounted to over \$475,000; in addition there are a large number of floating debts. The \$250,000 subsidy, received early in January, has already been spent, with the exception of a few thousand dollars. One of the last acts of the Harrison ministry was to pay themselves and most of the civil servants' salaries up to February 1st. Greenway intends to get some contractor to finish the Red River Railway outside of government.

Negotiations Ruptured.

PARIS, January 25.—The negotiations between France and Italy for a treaty of commerce have been ruptured. Italy agreed to accept but \$9 of the 272 articles covered by the old treaty, and these only at increased tariffs.

Fire.

NEWARK, Ohio, January 25.—Fire early this morning, destroyed O. G. King's shoe store, and damaged Sprague's jewelry, Jones' hardware and Kane Bros.' millinery stores. Loss, estimated at \$200,000.

Happy Medium Dead.

LEXINGTON, January 25.—The celebrated trotting stallion, Happy Medium, valued at \$40,000, died this morning. He was owned by General W. T. Withers.
